## Hints for a Happy Camp Experience:

Camp strives to provide a happy experience for each camper. There are a few things you can do prior to your child's experience to help ensure it is a rewarding, fun time.

Part of the challenge of each child's experience is learning to function in a new setting with new people. Many campers are not used to community living and the lack of privacy. Discuss with your camper about dressing or changing in a space where other campers are present and maintaining modesty. They are rewarded by finding that they can be successful in adjusting to unfamiliar group settings and making new friends. Counselors encourage the growth of these skills with caring attitudes and helping campers work through the period of adjustment.

## Protection From the Sun

Children are outside all day and are exposed to the sun. Staff monitor program tempo and remind campers to apply sunscreen and drink water. We need you to teach your child how and when to apply his/her own sunscreen. If you feel your child needs help, please send a note. Pack a water bottle and reinforce the importance of drinking water.

## Health and Wellness

Physical exams are recommended every two years, but are not required. Please feel free to contact us with any concerns you may have so we can help make your child's camp experience a positive one.	
<h3>Pre-Camp Questionnaire</h3> <p>The Pre-Camp Questionnaire gives the <b>camper and parents</b> an opportunity to tell us what they would like to get out of their camp experience.</p> <p>This form is the perfect place to tell us if your camper is uncomfortable about thunder storms, loud noises, hates to brush their teeth, is afraid of spiders, or loves the water but sinks like a rock.</p> <p>You have had the opportunity to know your camper for several years – we get them for a short while. Anything that you tell us to help make this a great experience for your camper creates a win-win situation for all of us.</p>	<h3>Medications</h3> <p>GIVE TO TRANSPORTATION STAFF DAILY</p> <p>All campers will be screened on the first day. At that time, the Healthcare Staff collects all medications for storage and dispensing at the Health Cottage. Exceptions may include inhalers, bee sting kits and creams/ointments at the discretion of the Healthcare Staff.</p> <p>We will only accept physician-prescribed and/or over-the-counter medications, to be dispensed at camp in their original containers with the child's name on them. Please place medications in a Ziploc® labeled with camper's name.</p>
<h3>Illness</h3> <p>To maintain a healthy camp please keep your child home for the following reasons:</p> <ul style="list-style-type: none"> <li>• Temperature of 100 degrees or more in the last 24 hours</li> <li>• Vomiting/diarrhea during the night or morning</li> <li>• Impetigo, scabies or ringworm</li> <li>• Chickenpox (until lesions have crusted)</li> <li>• Severe sore or red throat or white patches on tonsils</li> <li>• Untreated lice (camper will be sent home for treatment)</li> </ul> <p>Call camp to let them know they will not be attending or to arrange for late arrival.</p> <p>If your child becomes ill (fever, nausea) you will be called. If your child is too ill to remain at camp, you will be asked to come and get him/her.</p>	<h3>Camper Emergencies/Concerns</h3> <ul style="list-style-type: none"> <li>• If your child is injured or develops a significant illness while at camp requiring special care from the Healthcare Staff or additional medical care outside of camp, you will be contacted.</li> <li>• Parents may call camp for emergency purposes at (208) 664-9327, (best time to contact camp is between 9 am – 12:15 pm &amp; 1:30 – 5 pm daily); or the Camp Fire office at (509) 747-6191 or (800) 386-2324. If no one answers, please leave a detailed message.</li> <li>• Limited medical and accident insurance is included in the camp fee for injuries or illnesses contracted only while at camp.</li> <li>• If a child leaves camp due to illness or injury, the camp fee <i>may</i> be prorated.</li> </ul>

## Cell Phones:

We know that cell phones are very popular these days. However, they are *not* permitted at camp. Camp is a time to discover adventure and independence, and to make new friends. **The policy is: Leave cell phones at home.** Cell phones **will** be confiscated and held until the end of the day.

## Behavior Expectations

Camp Fire USA Inland Northwest Council/Camp Sweyolakan provides programs that develop personal life skills, social responsibility, health, and leadership while responding to the needs of youth in a changing society.

### Camp Fire USA / Camp Sweyolakan expect that all campers will:

- Comply with the DO NOT BRING list
- Follow the safety rules of camp.
- Take only appropriate photos and videos at camp and refrain from posting on the internet or using them in any potentially public or objectionable manner.
- Cooperate with other campers and staff.
- Respect the rights and properties of others.
- Listen and follow instructions.
- Participate in activities.

Children are entitled to a pleasant and harmonious environment at camp. The program cannot serve children who display chronically or severe disruptive behavior. This behavior is defined as verbal or physical activity which may include but is not limited to behavior that:

- Requires constant attention from staff.
- Inflicts physical or emotional harm on children or staff (including hazing, harassing or bullying).
- Displays destructive behavior.
- Continually ignores or disobeys camp safety rules.
- Includes use or possession of illegal drugs, alcohol, tobacco, weapons, or explosives, including threats or claims to have weapons.

If a child becomes a serious discipline problem, the camp director will notify the parents of the situation and discuss a solution. If improvement does not occur or a solution cannot be determined, the child may be dismissed from the program. **No refund will be issued.**

### DO NOT BRING:

- \* Cell phones, pagers or camcorders
- \* Pets
- \* Sheath or illegal knives or other weapons
- \* Matches, lighters or explosives (includes fireworks)
- \* Alcohol, illegal drugs, tobacco products

Items are subject to confiscation or cause for camper's dismissal from camp.

### Not Recommended:

- \* Personal radios, Mp3 or CD players
- \* Personal sports equipment
- \* Stereos
- \* New clothes
- \* Valuables
- \* Hand-held video games

Food, candy or gum create an environment for unwanted animal visitors and may result in damage to camper's belongings.

## Camp Community

All campers will take turns doing different kapers (chores) during their stay at camp. Explain to your camper that doing kapers is a big part of group living and teaches responsibility and independence. Kapers will be tasks such as cleaning the cabin and unit area, keeping the bathrooms tidy, organizing their personal belongings and "hopping" (setting and clearing the table) in the Dining Hall.

## American Camp Association

This mark of distinction has been earned by 25% of the camps in the United States. Accreditation ensures that Camp Sweyolakan has demonstrated compliance with up to 300 nationally recognized standards of health, safety, and program quality and is committed to the highest standards established by the camp industry.
